Austin Trenum	
Hung Himself at Home Neurons frayed 2010	
Brandon McCarthy	
Concussions	
Diagram of Concussion	

2010 & 2011 – 98 Confirmed each Yr.	
2012 112	
2012 - 118	
68/85 New Cases! Death Certificates of NFL 50 in the Football!! 4X Neurodegenerative Disease	
(33 NFL/40% Linemen,	
1 CFL, 1 Semi, 9 College, 6 HS) Also 4 Looking at Military Now!	
former NHL Chronic Traumatic Encephalopathy (CTE)	
Repetitive Hits on every play NOT Violent Collisions!	
Full-blown dementia, including "profound loss of attention and concentration, executive dysfunction, language difficulties, explosivity, aggressive	
tendencies, paranoia, depression" and difficulties walking and with depth perception.	
Chris Nowinski	
W 10 1	
<ul><li> Harvard Grad</li><li> Wrestling ended due to Concussion Syndrome</li></ul>	
Now Lectures on Concussion – 10,000 get NFL	
• "I was a 24-year-old Harvard graduate who	
<ul><li>was recklessly abusing my brain,"</li><li>"If I begin to slip, I'm going to absolutely regret</li></ul>	
it," he said. "Eight years of glory for 30 years of misery is not a good trade."	
• 1,400 hits to head in a season/75% practice	

Lou Gehrig - ALS???	
<b>3</b>	
Cognitive Disorders	
• Equally Young or Old	
Retrograde & Anterograde Amnesia	
<ul><li>Temporal Lobe (Diencephalon)</li><li>Have Verbal Skills</li></ul>	
Have Many Problem Solving Abilities	
• Have IQ	
Korsakoff's Syndrome	
Head Injury or Brain Surgery	
5% of those with Chronic Alcoholism Low Vitamin B (Thiamine)	
½ of all Severe Head Injuries Permanent Learning and Memory Problems	
Low 20,000 High 320,000 Soldiers Do not yet know how severe & how long	<del></del>
H.M. Epilepsy (Both Temporal & Amygdala & Hippocampus removed 1953)	
Clive Wearing <u>V#1</u> (B-2:22) <u>V#2</u> (4:10-End?)
